Dream Death 1

When I was a young child I thought that everyone had the death dream. My brother had it, and he was the only person I talked with about these things

Well, no matter on all that there is plenty wrong.

Some people are good at capturing the lie and consuming it (the lie) and putting it in their mouths

My brother was consumed into the dream - that was the ending of him. Dream death came to your firecracker aid, and in the end of the world the wild wild killer's house falls upon your soul and crushes that piece of soul into nothing.

The dream death. The dream death, oh how lovely

It is full of such incredible colors. It is full of incredible sounds. It is broken down underneath the red soul hell.

The dream death is a thing when you see it it is swept along ribbon waves - slow slow slow sometimes and in that slowness it is too slow (magma is slow and burns your tongue off) Or else it is fast

It can move fast ribbon dance fast, shivering skin.

Breath King

I'll tell you about a new kind of dominion or is it old

The breath king has his breath overturn his soul every minute of every day, and he is so full of breath that there is no ending to any of his body, which his breath is a part of and which is just one part of his breath.

Everything he does is breath, and every piece of soul he places over other me is breath.

It's too late for you you are already a part of my dream And when I die here you will be Dream Death.

Dream Death 2

When do you wonder what the dream death is not And I will tell you what it is not: It is not going to satisfy you You knew it wouldn't It will never will If you were wondering more about the dream death then you should know that it is still full of every piece of anger and every piece of regret even thinking about it and adn GOD GOD

You didn't know it there was no way for you to know it at the time but I went faster in the middle of my paragraph of "the"s and then I went slower at the end again just like I went slower at th beginning you didn't notice did you? You didn't notice I was slow at t beginning and I was slow at end and during middle I went very fast because I wanted whole thing to be over you dind;t notice that did you? You would never notice you never are you even trying?

I've have had enough of you Dream Death Dream Death Dream Death

Dream Death 3

I am sorry but this is Dream Death and there is no other way of putting it (Dreath) And if you were hoping for something else then I am sorry but this is Dream Death and there is no other way of putting it.

At the dn of DREAm death (And if you were hoping for something else then I am sorry but this is DREAM DEATH and there is no other way of putting it) the soul becomes something new.
